

News from the Pen

Shaw Pens and Pen Collectors of America Partnership

Alan Shaw from Shaw Pens will be teaming up with the PCA (Pen Collectors of America™) Pens for Kids™ program. Shaw Pens will be providing free fountain pens to the PCA for their Pens for Kids program at various Pen Shows. The pens to be given away are Shaw Pens LaMott fountain pen and the new Executive Fountain Pen.

In order to finance this program Shaw Pens will be donating 10% of sales from his web site. It is not just Shaw Pens who is providing the pen but all of his customers.

We hope to start producing Pen for Kids pens in October. I want to thank Janet and David Wright for working with me on this project. My hope and vision is to see the same joy of using a fine pen just like same feeling I felt when I was in 3rd grade.
